

# ESOL Instructional Videos and Lesson Plan

Resource	Description
<a href="#">ESOL Best Practices Video: Well-Structured ESOL Lesson</a>	What does a well-planned ESOL lesson look like in the classroom? This video shows an ESOL teacher demonstrating the elements of a well-structured ESOL lesson: clear objectives, formative assessments, scaffolded activities, and differentiated instruction. It also shows students engaged and interacting with one another. <i>(6:25 minutes)</i>
<a href="#">ESOL Best Practices Video: Limiting Teacher Talk and Facilitating Student Engagement</a>	As an ESOL instructor, one of the greatest challenges you face is how to limit your own “teacher talk” while providing ample opportunities for student conversation and engagement. This video provides some examples and suggestions to encourage greater interaction and conversation among students. <i>(6:42 minutes)</i>
<a href="#">ESOL Best Practices Video: Error Correction</a>	For teachers correcting English learners' errors, it helps to think about what to correct, when to correct, and how to correct. This video shows a teacher demonstrating several techniques that address these considerations. <i>(9:25 minutes)</i>
<a href="#">ESOL Best Practices Video: What NOT to Do When Teaching An ESOL Class</a>	This video provides an exaggerated example of what NOT to do when teaching an ESOL course. Take a look and see how many problems you can find in this mock teaching demo! <i>(4:21 minutes)</i>
<a href="#">ESOL Instructional Videos Lesson Plan</a>	This lesson plan was developed and taught to support the concepts and strategies demonstrated in the above videos.
